By H. C. Hamilton.

New York, Sept. 14.—After being booted from the pillbox, wrecked as a machine that had battled in world's series and then rebuilt, the New York Giants stand today the most dangerous team in the National league.

Manager McGraw and the New York fans claim this, and seven other managers in the Tenor circuit admit it. The rejuvenation of the Giants has been complete. They won their eighth straight game when they took a double header from the Reds yesterday.

There are no pennant hopes around the Polo grounds for this year, but watch out for 1917. The "next year" is an old one, but it looks like it means something coming from McGraw.

Of the old field, which went through the last world's series in which the Giants appeared, only Burns remains. Bennie Kauff and Dave Robertson look after the other gardens, both pounding the ball and fielding and throwing in clean, impressive style.

With these prospects there seems to be little basis for the talk of McGraw retiring next year. He styled such rumors as foolish today and John B. Foster, secretary of the club, laughed at the prospect of McGraw's going.

"His contract has another year to run," said Foster, "and we're not worrying. We expect McGraw to sign whenever we are ready."

OFFICER ARRESTED BY IRATE COLONEL

Captain Brown Sues Out Writ of Habeas Corpus Against Colonel Inglis

Tacoma, Wash., Sept. 14.—Army men here are intensely interested today in the case of Captain David Livingstone of Company M, Second Washington Infantry, who has obtained from the United States district court a writ of habeas corpus, alleging he is being held a prisoner at Camp Brown in contravention of the articles of war.

The case has developed from charges and counter charges passed between the two officers while stationed at Calexico. According to the petition of Livingstone, a soldier of the regiment deserted, while Livingstone was officer of the day. The guard was called out and the deserter captured.

Under the articles of war, when charges are made against an officer or enlisted man, a hearing must be given in 10 days after the arrest. This argument is used by Livingstone in his petition for a writ of habeas corpus, and it is on this ground that Judge Neterer granted the writ.

Villa Reported in Santa Clara Region

El Paso, Texas, Sept. 14.—Despite General Pershing's dispatch to General Funston that Pancho Villa's northward progress could not be confirmed, General Gonzales, Carranzista commander at Juarez, today announced officially that Villa is still in the Santa Clara region, where he has been seen, personally by peons, but is showing no disposition to fight.

A small band of Villistas fought for four hours yesterday in the Laguna district, with de facto troops, according to Gonzales. The bandits fled leaving seven dead on the field.

Copies of a newspaper published by the new revolutionary party of legalists have been smuggled into Chihuahua City by train crews. Two men have been arrested for the offense.

Japan Assures America That China's Trade Will Be Open to All Nations

Washington, Sept. 14.—The text of written assurances given American Ambassador Guthrie at Tokio by the Japanese foreign office regarding Japan's adherence to the "open door" policy in China in connection with the recently signed Russo-Japanese treaty was given out by the state department today.

Part of the text follows: "The imperial government desires to assure the American government that the new convention is in no sense designed to repeal or to modify the provisions of article 2 of the conventions concluded between Japan and Russia of July 31, 1907, nor has the imperial government entertained for a moment any intention to depart from the policy to which they have avowedly committed themselves respecting the maintenance of the independence and territorial integrity of China as well as the equal opportunity for the trade of all nations in that country."

"On the contrary they are as strongly convinced as ever of the usefulness of that policy in the interests of the general stability in the far east which they have always very near their heart."

These written assurances were given Ambassador Guthrie September 13 in addition to oral ones in reply to a request which the state department made through the ambassador August 16 for information regarding the treaty.

The Russian minister of affairs assiduously assured the American ambassador to Russia regarding the treaty.

Colored Revivalist Charged with Vagrancy

James E. Fray, the colored revivalist who was chased out of Silverton Tuesday night, and for whose arrest on a charge of vagrancy a warrant was issued that day on complaint of Silverton citizens, was arrested this morning in this city and arraigned before Justice of the Peace Webster.

Fray pleaded not guilty. He will be tried Saturday morning at 10 o'clock. The complaint of the Silverton citizens who appeared at the district attorney's office Tuesday was to the effect that Fray, who has been conducting a series of revival meetings in that town, made personal charges against people of the town and used obscene language in the course of his sermons.

It is stated that he possesses a power amounting almost to the hypnotic, and that he has secured a considerable influence over a number of his hearers. Fray said this morning that he lives in Portland. He is a native of the West Indies, and has been in this country about ten years.

Spannell Is Facing Trial for Murder

Alpine, Texas, Sept. 14.—Harry J. Spannell was brought here from El Paso during the night to face two indictments for the murder of his wife and Major M. C. Butler, army officer, while riding in an automobile on the night of July 20. A motion for a change of venue on the ground that Spannell cannot obtain a fair trial in this county will be the first move of his attorneys in court today. The motion will probably be granted.

For the first time since his arrest Spannell spoke of the tragedy, while on the train last night.

"God knows I didn't mean to kill my wife," he said. "I didn't know what I was doing. I hope my little girl is too young to realize what this means."
